Terms & Conditions

We want to be the best delivery service in the UK and will do everything to ensure your order is delivered safely the same day or as instructed. However, in the unlikely event we are unable to deliver your order on time due to circumstances beyond our control, we will endeavour to deliver your order at the earliest opportunity.

In the event that the delivery address is inaccessible or no one is available to take delivery, we will contact you to ask for instructions. If accessibility or parking is an issue, you must make arrangements with the delivery address to ensure they are available to collect the item from us when we arrive at a safe and legal place. We do not deliver to tower blocks unless by arrangement.

A delivery contact phone number is vital as we may need to phone them for delivery assistance and ETA. Where no delivery is possible due to circumstances beyond our control, no refund will be offered and your order will be returned.

These terms and conditions are agreed to and accepted by Date
